

Conducting a Voter Registration Drive in Maryland

Voter Registration Deadline

Applications must be received or postmarked by 21 days before Election Day.

Getting Started

Training Requirement: The State Administrator and local boards of elections in Maryland offer training for “voter registration volunteers” or “Voter Registration Application Distributors” who will be at least 18 years old on or before the next general election. After completing the training, the volunteer will receive a Certificate of Instruction.

Notification and Registration Requirements: Volunteers are required to present their Certificate of Instruction to obtain more than 25 Statewide Voter Registration Applications per day.

Compensation Restrictions: Voter Registration Application Distributors may not be compensated per registrant.

Voter Registration Volunteer Restrictions: All registration volunteers/staff must be at least 18 years of age. Voter registration volunteers are allowed to distribute Voter Registration Applications, assist people with completing Voter Registration Applications, and return completed applications to the county election office. Volunteers must inform the voter that they can either return the registration him/herself or have the volunteer complete this task.
