Handling Applications

Incomplete Applications: Nevada law prohibits filling in any information on the voter registration application unless it is requested by the applicant.

If assistance is provided, you are required to fill out the acknowledgment section of the voter registration application and sign it, as well as enter your name on the duplicate copy or receipt retained by the voter.

Photocopying Completed Applications: There is no law or rule prohibiting photocopying or retaining information from completed registration applications. **A voter's date of birth, signature, full or partial Social Security Number, and driver's license number should be removed before copying any application.**

Signing Applications: If you retain an application to submit on behalf of a voter, you must print your name in the designated area of the applicant's receipt at the bottom of the registration form.

Submitting Applications: Completed applications collected during a registration drive must be returned to the [local county clerk](#) within ten days or before the registration deadline, whichever is earlier.

When the registration drive is complete, all completed and uncompleted forms must be returned to the respective county clerk.
