Voter Registration Deadlines

You can now register to vote or change your voter registration online at <https://vote.elections.virginia.gov>

- A Virginia driver's license or state issued ID is required.
- Applications must be received or postmarked 22 days before the election.

Getting Started

Training Requirement: Voter registration drive participants must register and complete training if they request 25 or more voter registration forms from the Virginia Department of Elections or their local Registrar. Contact your local election office to receive information on trainings. Online training is available at www.elections.virginia.gov/registration/registration-drives

Notification and Registration Requirements: Upon completion of training an organization or person will complete an affidavit and be allowed to request 25 or more voter registration forms.

Compensation Restrictions: Do not pay registration drive participants based on how many registrations they collect.

Obtaining Applications

State Form:

- The state mail-in voter registration application can be downloaded at www.elections.virginia.gov/registration/voter-forms/index.html
- The Department of Elections recommends voter registration drives use the Virginia form to provide for faster processing of applications.
- The Department of Elections is required to make available to any individual or group a reasonable number of mail voter registration applications. Currently the Department of Elections will provide up to 200 forms per request.

Federal Form: The [federal mail-in voter registration application](#) may be used in voter registration drives.

Photocopying Blank Forms: Virginia law does not prohibit photocopying or printing blank forms for use in voter registration drives. However, the Department of Elections recommends that organizations request and use original forms provided by the Department of Elections or local election officials. However, an original signature is required on completed applications.

Incomplete Applications: Do not fill in any missing information on a registration form unless you have permission from the applicant

Photocopying Completed Applications: There is no law or rule prohibiting organizations conducting voter registration drives from photocopying or retaining information from completed registration application provided that original application is timely submitted to appropriate election officials. **A voter's date of birth, signature, full or partial Social Security Number, and driver's license number should be removed before copying any application.**
